Mr. Charles G. Pardee
Senior Vice President, Exelon Generation Company, LLC
President and Chief Nuclear Officer (CNO), Exelon Nuclear
4300 Winfield Road
Warrenville, IL 60555

SUBJECT: NRC ISFSI SECURITY INSPECTION REPORT 05000237/2009404 (DNMS);
05000249/2009404 (DNMS) - DRESDEN NUCLEAR POWER STATION

Dear Mr. Pardee:

On February 25, 2009, the U.S. Nuclear Regulatory Commission (NRC) completed a security inspection at the Dresden Nuclear Power Station of the Independent Spent Fuel Storage Installation (ISFSI). The purpose of the inspection was to evaluate whether the protection of the ISFSI was in compliance with the Dresden Physical Security Plan for the ISFSI and the additional security measures imposed by the NRC Order dated October 16, 2002. In addition, the inspectors determined whether the use and storage of your instrument calibrator was conducted safely and in accordance with 10 CFR Part 20 requirements. At the conclusion of the on-site inspection on February 25, 2009, the inspectors discussed the inspection findings with members of your staff.

Based on the results of this inspection, no findings of significance were identified.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records System (PARS) component of NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room). However, because of the security-related discussion contained in the enclosure, and in accordance with 10 CFR 2.390, a copy of this letter's enclosure will not be available for public inspection.

Enclosure Contains Sensitive Unclassified Non-Safeguards
Information. Upon Separation This Page is Decontrolled.

C. Pardee

-2-

We will gladly discuss any questions you may have regarding this inspection.

Sincerely,

/RA/

Christine A. Lipa, Chief
Materials Control, ISFSI, and
Decommissioning Branch
